Physician Selection for Occupational Injuries/Diseases

Instructions: To apply for benefits under the Workers' Compensation Act, VCU Employee Health Services must receive **1) this completed claim form** and **2) the Accident Report Workers' Compensation form** by hand delivery (VCU Employee Health Services 1200 East Broad Street, West Hospital, West Wing, First Floor, Room 120) or by mail (VCU Employee Health Services, PO Box 980134, Richmond, VA 23298-0134).

The Virginia Workers' Compensation law requires your employer to provide to you a panel of at least three physicians. You must select a physician from this panel to treat your work related injury. If you do not use one of these physicians for your work related injury, you may be responsible for the cost of medical care. In case of an emergency, one initial Emergency Room (ER) visit to any hospital will be authorized under workers' compensation. Managed Care Innovations (MCI) will determine payment of services. Following any ER treatment, you must select one of the panel physicians listed below. You are required to keep all appointments with the selected physician and accept the treatment recommended by that physician as well as any other physician or medical care provider(s) to whom you are referred.
